Beschreibung

The car I present is overall in good, unrestored condition and was newly delivered in Switzerland in 1985. As a 1985 car, it carries its original 1500 Matching Numbers, the engine delivers 103 hp from its wonderful boxer engine.

This Alfa Romeo Sprint was regularly serviced and registered in Hungary in 1994 and has remained in the country ever since. This year he received a Raid steering wheel in 1994 (receipt under the photos). It has been owned by 2-3 families over the years.

The car has been in good condition all its life, overall it has no appreciable rust as it has been in a dry garage.

It was repainted about 15 years ago.

The painting has some flaws, dents and scratches.

The interior is in mint condition.

The engine is powerful and also in good condition.

The drivetrain is stable, the Alfa drives very well.

This vehicle is ready to drive, has recently been driven more than 250 km, although in recent decades it has only been used on a few weekends.
