

Lincoln Continental MarkV Diamond Jubilee

Preisinformationen

Preis € 18.300,-
Privatverkauf

Beschreibung

I am selling this beautiful Lincoln Continental Mark V Diamond Jubilee Edition. Engine 460cid (7,5l) V8, 210HP, automatic transmission. 91.300 miles - 146.000km.

Diamond Jubilee is a special edition that was made only for one year, to celebrate the 75th anniversary of the Ford Motor Company. It was only made in two colours, Diamond Blue and Jubilee Gold. In this gold colour, there were only 2557 cars produced.

The car is equipped with cruise control, power windows and seats, Cartier clock next to the tachometer, and a gold Lincoln logo with a Diamond Jubilee Edition text with a diamond simulant.

MSRP was over 22.000 USD, this edition was a 8.000 USD charge. Ford claimed "This is the most luxurious vehicle we have ever built."

This Lincoln is in very good condition, no mechanical issues. It is not top/new condition, but everything works well, engine and transmission are perfect. Interior is also in very good condition, no tear on the seats.

The car has some small esthetic defects (cracked plastic on the front bottom side light, small part of colour is torn from the dashboard, little bit of the trunk carpet isn't sticking to the side and small cracks on the vinyl roof). The front Lincoln logo is missing - I have it, just needs to be put back.
The car can be worth a lot more in top condition, it is hard to find this edition.
If interested, I can help with transportation to your country.
If sold in Czech Republic, I can also help with historical registration.
Price 459.000 CZK. (~18.300EUR).
