- Rear seat depth: 240
- Rear seat height: 140
- Side panel height: 210
- Rear seat height: 210
- Rear seat width: 280
- Rear seat depth: 330
- Rear seat height: 140
- Rear seat width: 340
- Rear seat depth: 330
- Rear seat height: 160
- Rear seat width: 340
- Rear seat depth: 330
- Rear seat height: 140
- Rear seat width: 340
- Rear seat depth: 330
- Rear seat height: 140

A side-view illustration of a vintage car, likely a 1930s model, with a measurement tape placed along its roofline. The tape is marked in inches, with numbers written above and below the tape. The measurements are as follows:

Measurement Point (approximate)	Measurement (inches)
Front bumper	140
Front fender	160
Front wheel	180
Front door	150
Front door (top)	170
Front door (top)	180
Front door (top)	150
Front door (top)	120
Front door (top)	120
Front door (top)	160
Front door (top)	140
Front door (top)	150
Front door (top)	170
Front door (top)	210
